PROJECTS

MySalapi: Mobile Financial Management App **Undergraduate Thesis | 2026-2027**
- Developed a team-built Android app for tracking personal finances, loans, and shared group expenses.
- Developed the email API integration (Brevo) and got it working for forgot-password recovery and registration emails.
- Built the login, registration, and forgot-password screens, including password validation, a show/hide password toggle, and a Terms & Conditions prompt.
- Implemented Ambagan partial payments and Favorite Billers with recurring bill reminders; designed an animated splash screen.

StayCrafty: Kawaii Stationery E-Commerce Website **Web Development Course Project | 2024 – 2025**
- Designed and developed an e-commerce website for kawaii stationery as a web development course project.
- Applied web design and front-end development skills to build an online storefront for browsing products.

EXPERIENCE

IT and E-Commerce Coordinator **August 2024 – January 2026**
LJ Farm Supply & General Merchandise
- Managed the company's social media accounts to strengthen online presence and customer engagement.
- Designed promotional graphics and marketing materials in Canva for online sales campaigns.
- Handled online product listings, customer inquiries, and order processing.
